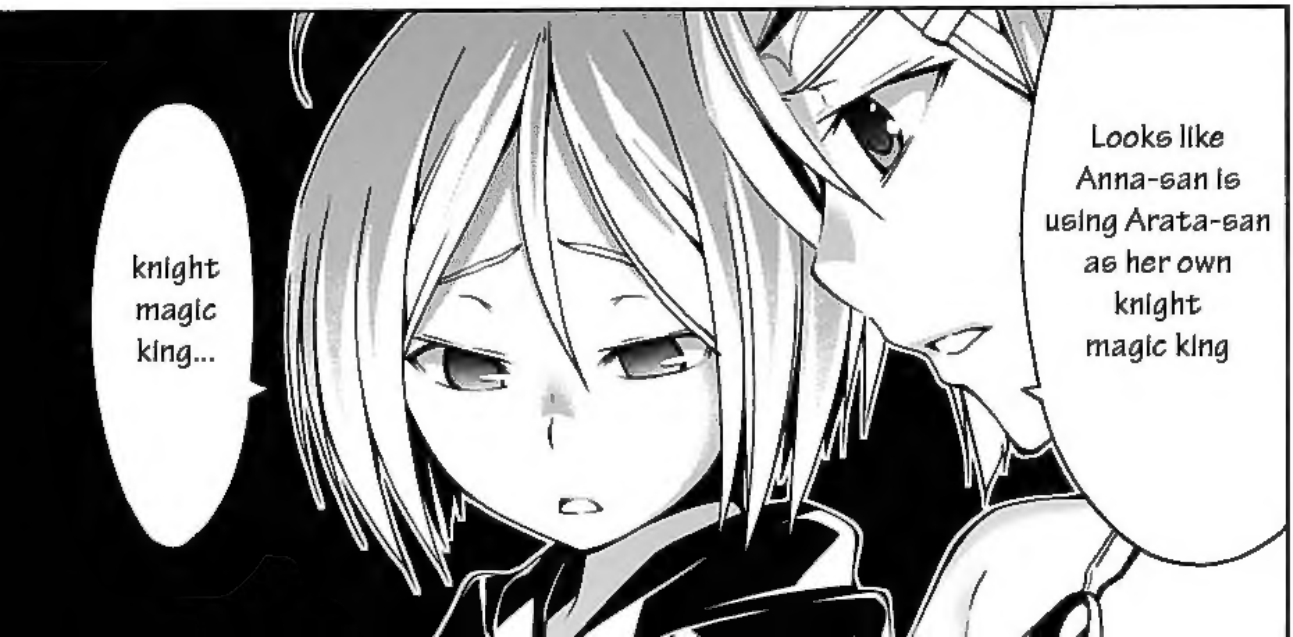
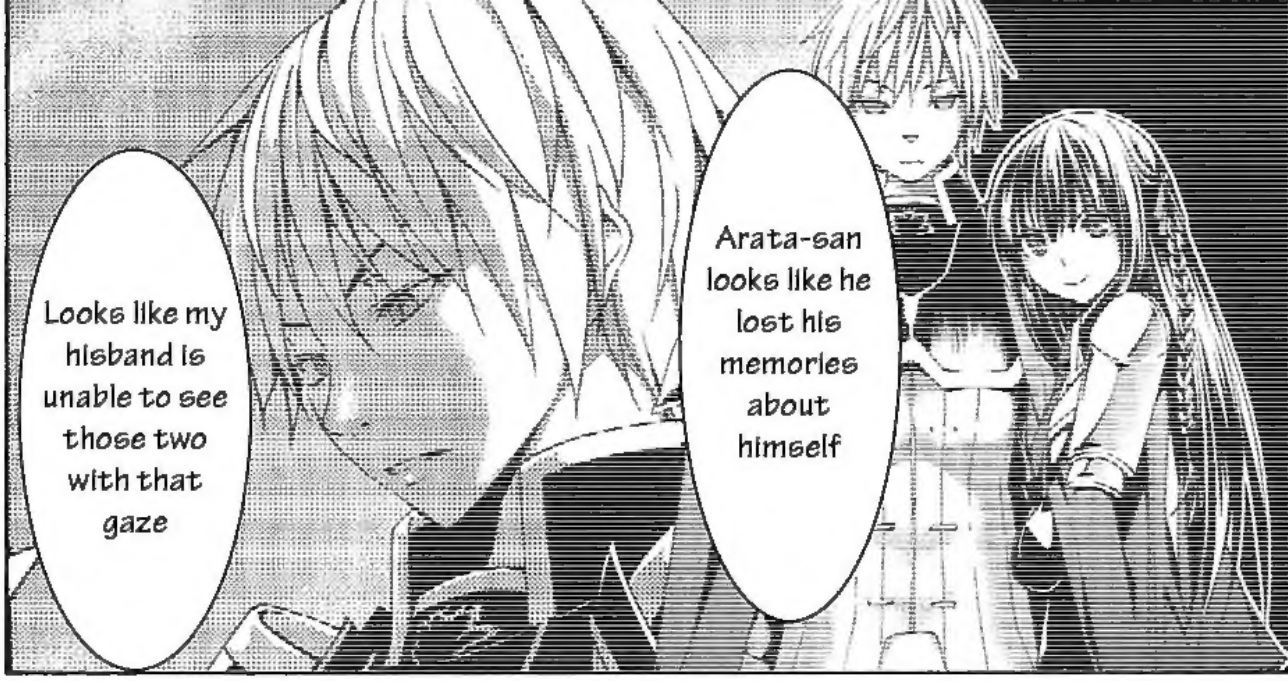
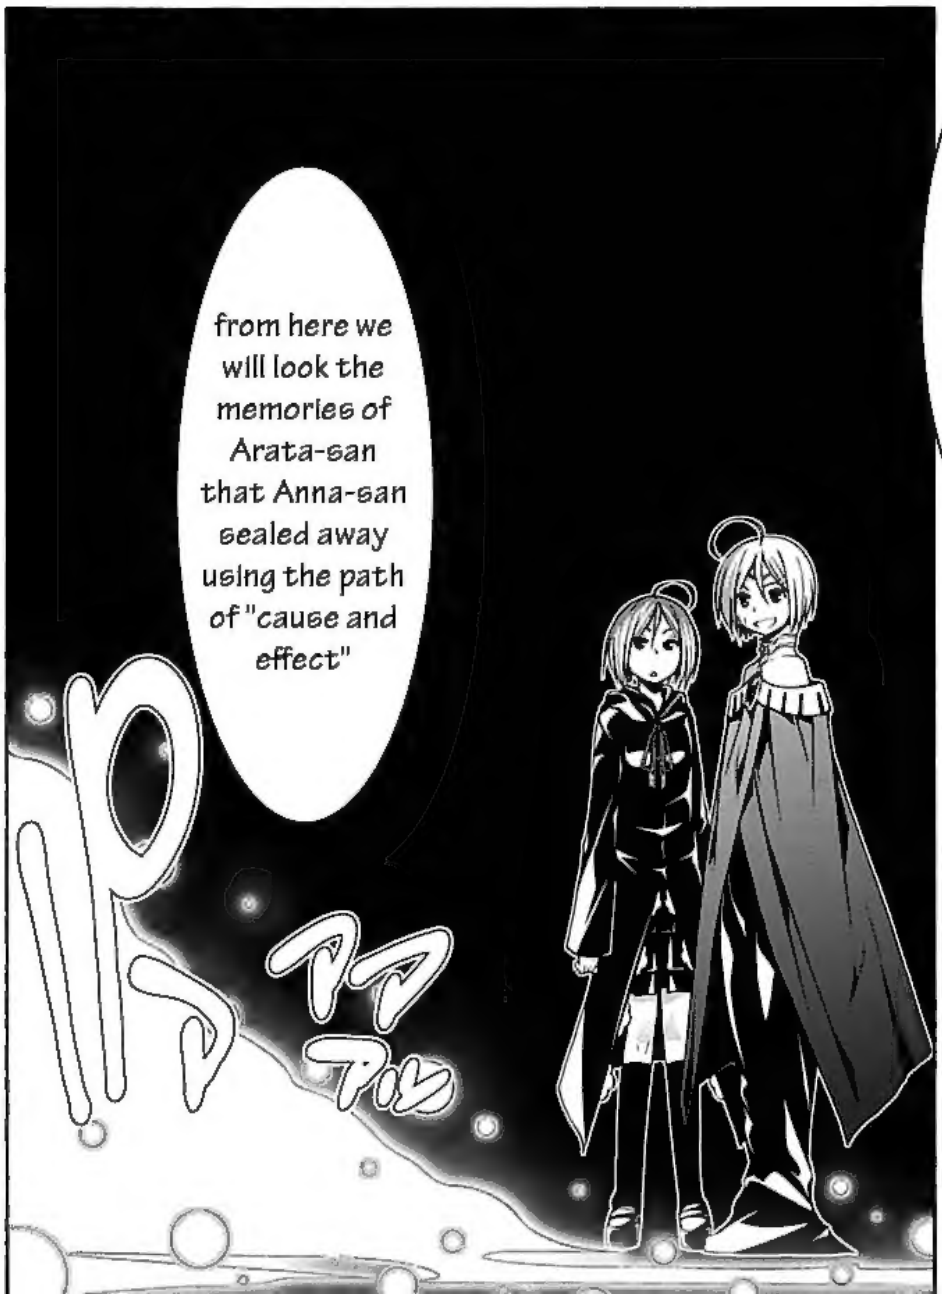
54. Mundo Infinito y Manifestación





Looks like my hisband is unable to see those two with that gaze
Arata-san looks like he lost his memories about himself



from here we will look the memories of Arata-san that Anna-san sealed away using the path of "cause and effect"

If is like that...

UP!SUBS.

that is... the path of cause and effect?
it's only a visualization of my magic
now ...
you are not alone
yes!
I trust you, Arin san
then, what should we do?
Anna-san must have sealed the momories of Arata-san somewhere

It have become an operation to find the world that she blocked from this infinite number of shiny "worlds of cause and effect"

that is...
a hassle

but, time is eternal in this world
yes...

that's right
so, the two of us will be searching constantly

annihilates!
telluric
buster!

devour
all,
meteo
dragonar!

ドガッ
Anna-san, please let free Arata-san!
Only that you can not use really well all those magic weapons at the same time
Mar-velous, Lilith-san!

for the... world?
that's right... for that reason, is also for the sake of yourselves the trinity seven
is for the sake of the world and his own sake...
for that reason, is an impossible proposal
ELEMENTAL FUNERAL

wh ...?
the magic power of Arata-san is getting bigger and bigger...!
that is...
she can provide him an unlimited source of magic power...?
thats right...
he is my knight magic king

as long as I have my friends the spirits, that are the origin of this world...
I will become stronger for all eternity

If that happens, I will use my biggest technique...!
. . . !!
try it, Yamana Mira...!
reconnection to the "superbia" file, execute theme!
reconnection to the "superbia" file, execute theme!

hee... now that I think, looks like the magic of Mira-san when she is serious is on par with Ayesha
Yes
That's why I determine that I will as well become more serious!

let me show you the essence of my "weapon mastery"

hmm ...
Ayesha-chan and Mira-san will go for real
director-sensei! I strengthened the barrier, there is no problem! >=3
good, thanks Yui-chan, thanks to you looks like the students would be safe
ehehe =3
that girl is able to use the "weapon mastery" ...
you know about it? ex magic king?
yes...
is a magic to "control all and each one of the magic weapons"

"all and each one" you say...
is also the magic that give me more trouble when destroying my world

we will look at the reason why the "superbia" file is one of superior level...

starting now...

Yamana Mira!
Come!
Here i come! Master Akasha!

!!!
!!!"JAB-
BERWOCKY
LINES"!!!

go!
my 11
sacred
magic
swords
of
tiamat!

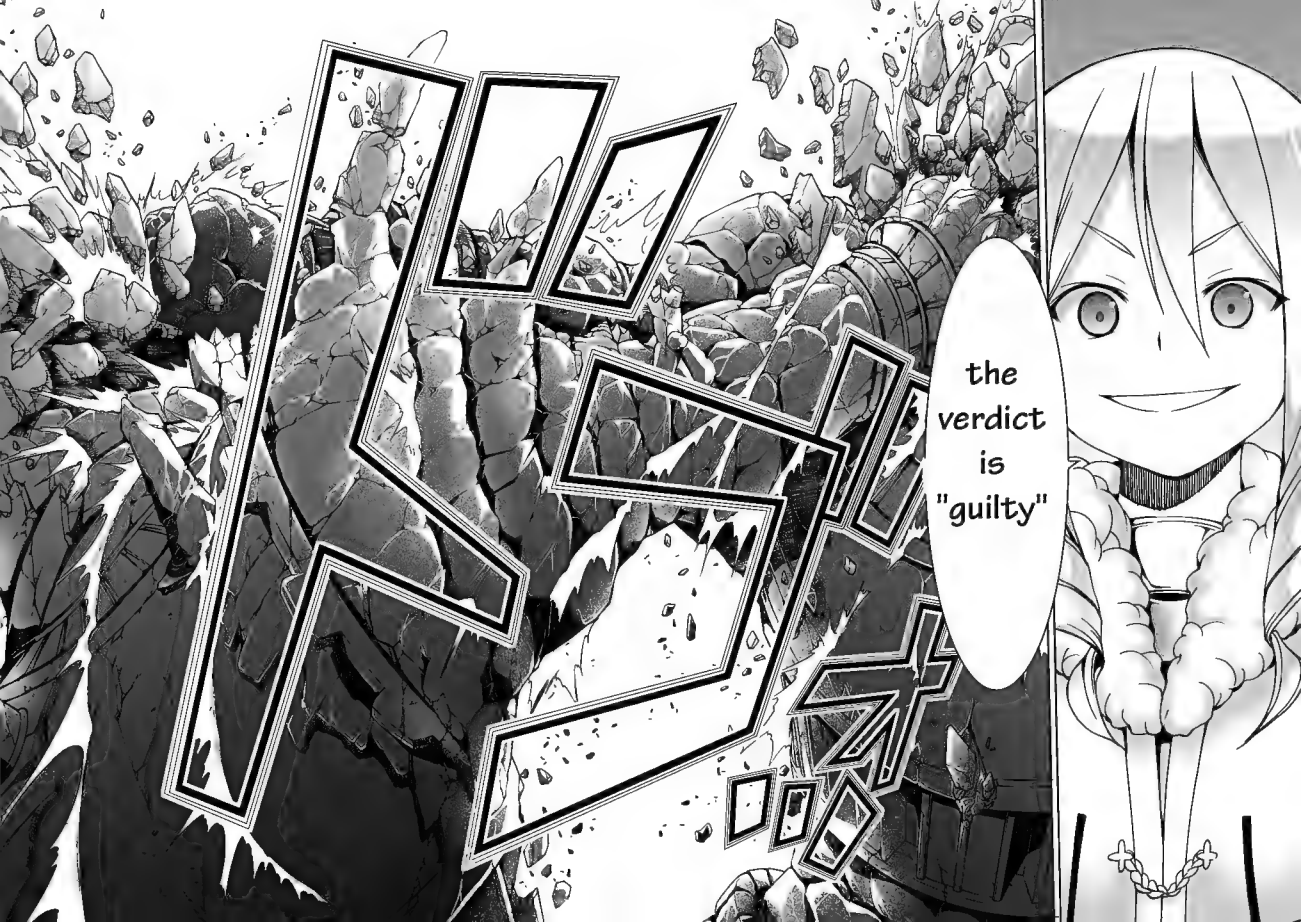
Understand that your strenght and arrogance becomes your enemy against my "Justitia"!

!!
he absorbed the swords of Ayesha and make it his own magic power!?
that gigant devour the magic power, and restore himself at amplifying it many times...
yes

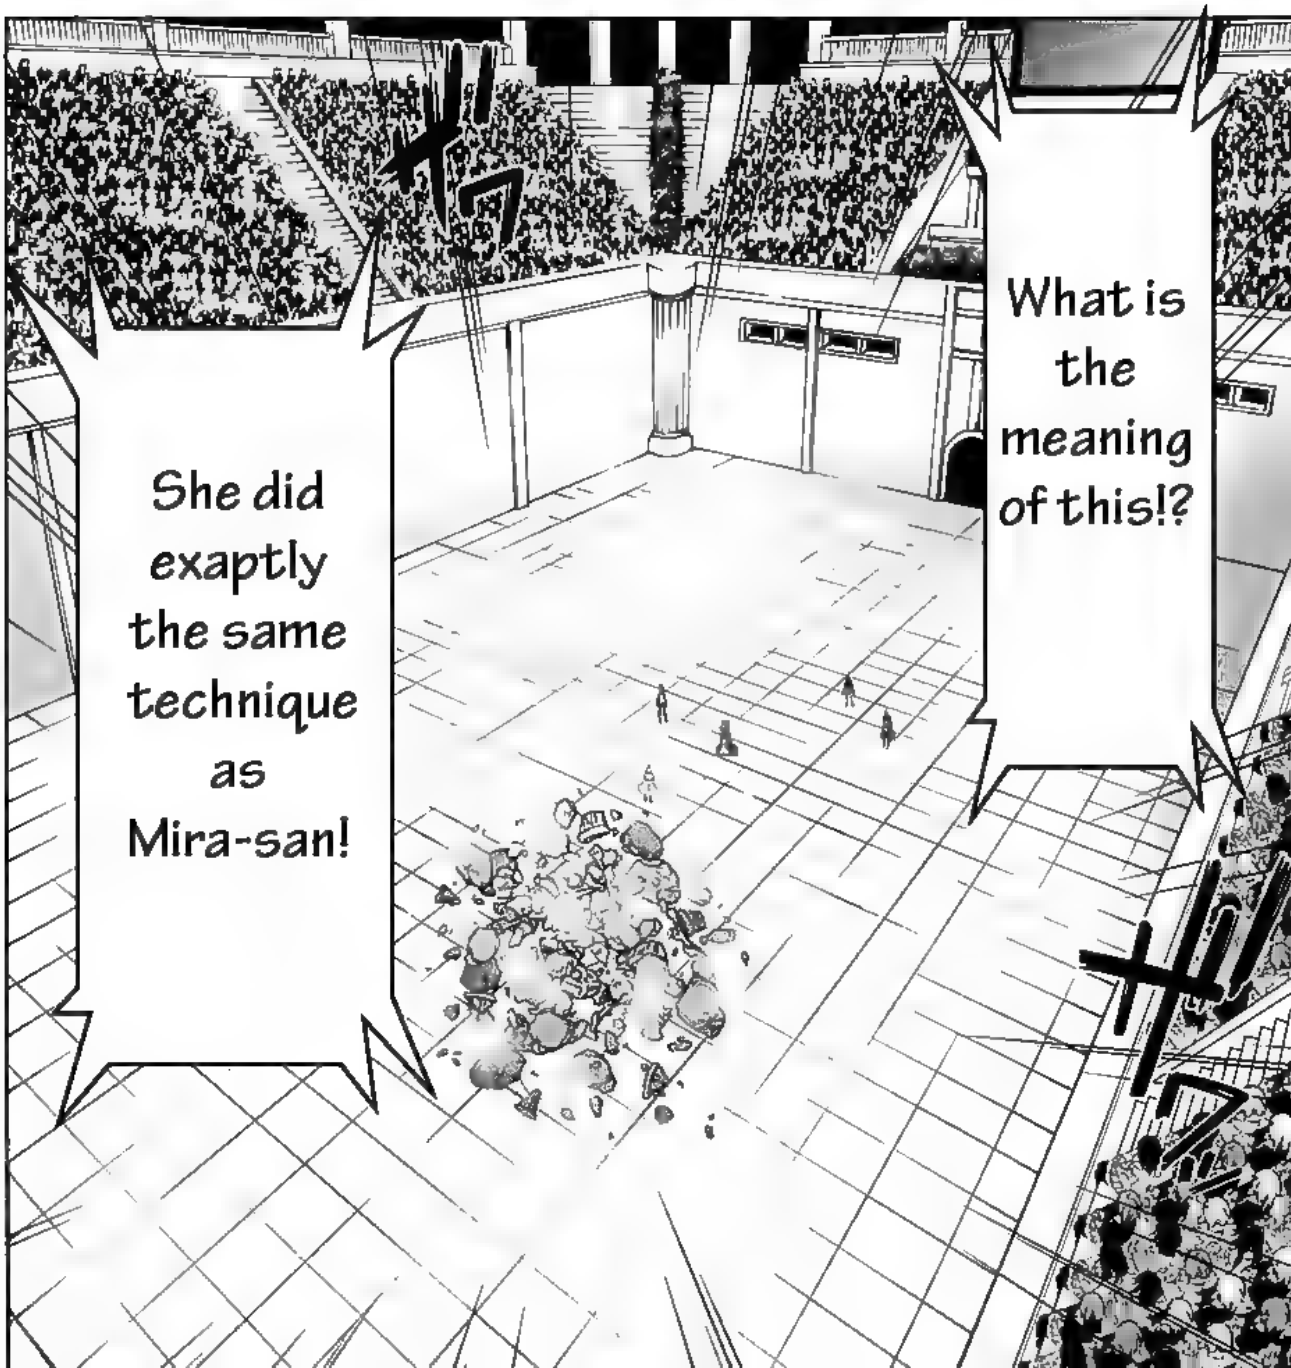
a magic of superbia that can control all his files
you could say it have been perfected
good, finish her Jabber-wocky!
hee ...
amazing, Mira san...
this time, your help would be not needed, knight magic king!
reconnec-tion to the "superbia" file, execute theme!

Come...
Giten: book of reflected lands!
ドゴ
ドゴ

to "judge" you
I am going...
wh...
my gri-moire ...!?
"Jabber-wocky Lines"!



the verdict is "guilty"



What is the meaning of this!?
She did exaptly the same technique as Mira-san!

in only a moment, able to control the same macro, creating a copy of the grimoire that the tarjet have... looks like some class of magic technique
what frightening technique, right?
that... then Ayesha-san is strong enough to have the magic king element...?
if I did not become of magic king class I could not use the magic king element
what I did was more problematic than that
like when onee chan steals magic?
even if is a judge... is a trinity seven of "paladin" class

and manolito62
UpISubs.

...though, looks like lilith-chan still does not surrender

you...

your determination goes to that extreme
determination, huh, my daughter...

チャリ
...It can't be, my biggest technique would be destroyed in that form...
!!
Arata... san...
sorry, but that man is no...

that... that is...!
the memory and conscience of that man have been sealed in the infinity space-time

In the ends of the earth, where life and the soul can not reach...

don't worry... he is sleeping peacefully beside his grimoires

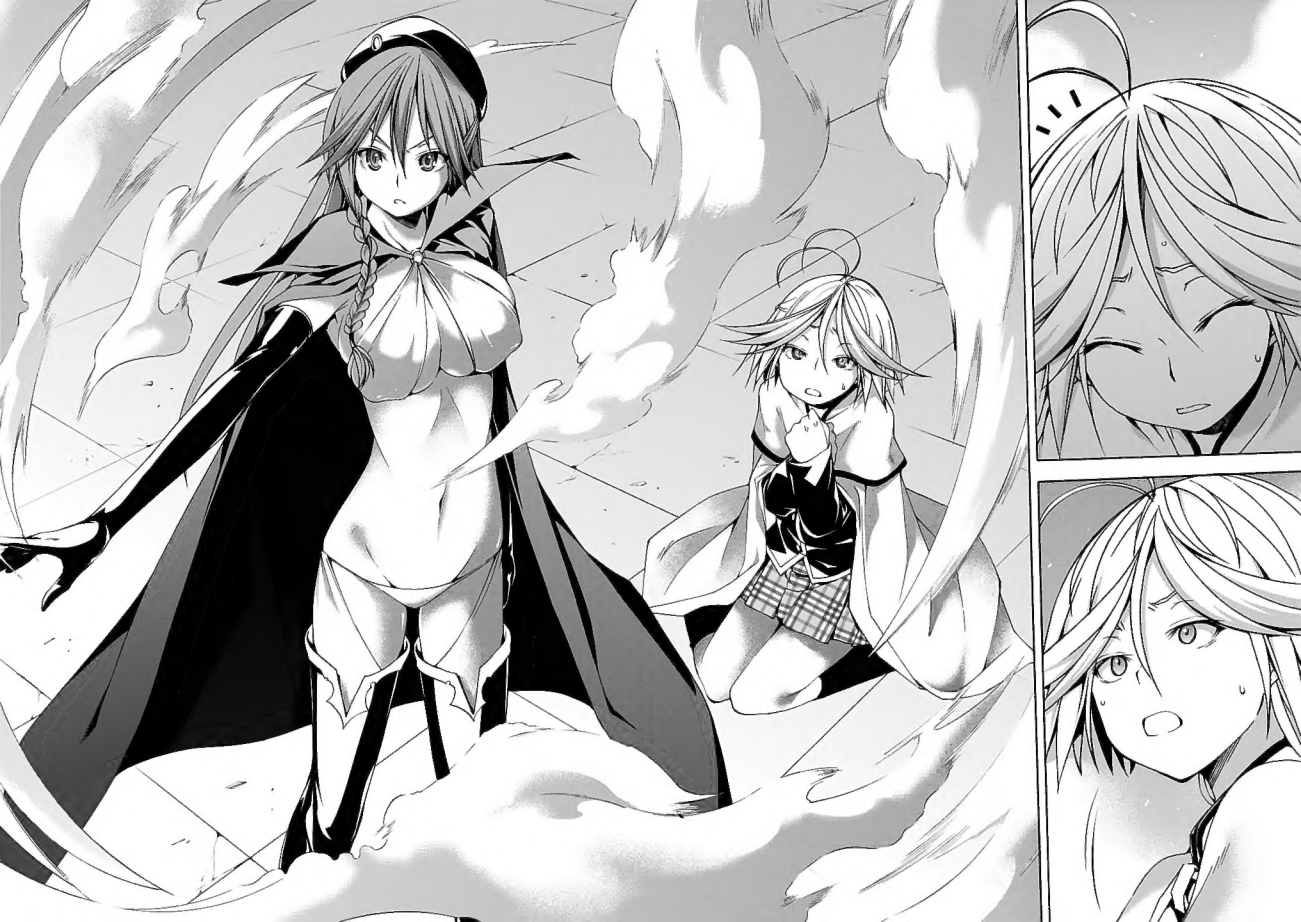
neither this world... neither...
because you know, Lilith-san

why you have gone to such...
Anna-san...

for that, even if is a taboo or a contra-diction
even if with that I dissapear, I will send the magic king and all the trinity seven to the end...!
that's what i belive
i don't want to lose him
yes!, lets end with this
as us trinity seven of the file of "luxuria"!
i swear!
will become a trinity seven of Arata
even so I...
is like that?

go...
receive
the attack of
the knight
magic king
that have
obtained the
power of the
spirits!
¡¡¡METEO
CONDUCTOR!!!

!!LILITH-SENSEI!!



manifes-
tation
of
vest-
ment
Aeshma
...
Lilith
sensei
is also a
mage of the
same
class as
Hijiri
san...?
Mira-san!
Arata
without
doubts will
be like
before!
we only
have to
fight
yes,
Lilith-sensei!
TO BE CONTINUED
